

Office Memorandum • UNITED STATES GOVERNMENT *hm*

TO : Mr. Kirkpatrick

DATE: 24 January 1958

FROM : SUBJECT: Agency Publications

1. Attached is the proposed Agency regulation on ~~the~~ Publications finally agreed to by representatives of the Deputies under the DD/I's aegis. The regulation has some of the usual verbiage but basically it should provide a framework for accomplishing the desired purpose. have both reviewed it and feel the same way.

2. Mr. Amory intends to present this draft directly to General Cabell. It will probably then be considered at a Deputy's meeting and if there are no dissents, it is planned to issue the regulation directly without submitting it through the usual coordination procedure.

3. At the Deputy's meeting, I recommend that you indorse both the regulation and the procedure for issuance as essentially consistent with the recommendation contained in our memorandum to the Director last summer.
